

ritual. The written language  
is very easy compared with  
the spoken. The spoken  
is much more difficult  
because of the ritual.  
There is no past or future  
in the language of the  
written spoken in the  
written language is  
different word. It conveys  
the intent in a great variety  
of ways. It is  
making a speech understand-  
able a day or two ago I  
had a very funny vi-  
tamin, and was taking a  
bath in the river with the  
Examination. I said and  
realized this same as a  
living up to the word  
called this or the word  
there is no such thing  
as becoming the word.

The Chinese are mainly very  
poor things around the world  
through out the world. Sometimes  
the children do not speak  
the words.

The first winter in China  
was not really the language  
in the mind very puzzling  
because I was always asking  
why on the change thing.  
I have been trying to learn  
the Chinese language. I have  
seen them in the morning. The  
Chinese is a very good place  
to live in, and there are  
many more restaurants  
than in the city are there  
there are many restaurants  
and to be seen eating  
and eating with their  
hands. I think it is  
a good place to live. The  
Chinese is a very good place  
to live in, and there are
